

## Beauty is in the Eye of the Beholder with Alpha-H Absolute Eye Complex

Are your peepers partied out? Had a bit too much fun in the sun? Don't put the cocktail frock away just yet; instead, throw a bash for your eyes with Alpha-H's Absolute Eye Complex.

Absolute Eye Complex uses a blend of beautifying botanicals and the latest in skin care technology to firm, lighten, resurface and re-hydrate the delicate eye tissue.

*"Absolute Eye Complex provides an instant pick-me-up, reflecting light away from those creeping fine lines, dark circles and reduces tell-tale puffiness around the eye area. The ingredients within this product are an exotic cocktail of natural fruit and flower acids that your skin will indulge in."* – says Michelle Doherty, Owner and Director Alpha-H.

Kick back and let your eyes enjoy the natural exfoliating properties of Hibiscus Flower, the detoxifying elements of Beech Tree, Olive Leaf antioxidants and cooling and brightening Cucumber extracts. After all, don't they deserve it?

Alpha-H's Absolute Eye Complex has been designed to visibly Firm the skin; fights free radical damage; ensure skin is hydrated and it assists in the appearance of dark circles to provide a specialist eye treatment.

*"For use morning and night and can be reapplied throughout the day over make-up to lighten and brighten the eyes. Follow with Age Delay Intensive Eye & Lip Treatment in the mornings for an extra exfoliating and hydrating boost."* – says Taryn Doherty, Salon Support and Education Alpha-H.
